TWO IMPORTANT SCHOOL CONTRACTS ADVERTISED

Ninth Street Auditorium to be Cut Into Two School Rooms

PLANS ARE COMPLETED

Stage to be Removed--Stone Work and Excavating Bids Asked for New Building

In order to provide room for the incoming population of school children and to do away with as much crowding as possible the school board is planning to convert the auditorium of the Ninth street school into two new school rooms. Today bids are being advertised for, and are to be in by next Friday, August 16. The alteration of the Ninth street auditorium will signalize the complete abandonment of the former Catholic church building on Crest avenue as a school building. At the same time bids are being asked on the Ninth street work, bids are also requested on the excavating and stone work of the new school building to be erected on Crest avenue and Sixth street.

Plans drawn by Architect A. P. Cooper, of Uniontown, for alterations at the Ninth street school are in the hands of R. C. Mountsier, who is the chairman of the building committee. They call for two new and complete school rooms. The stage of the school auditorium, or as it is better known School Hall, will be, entirely removed. A partition will be run directly through the center of the big room, leading from the entrance now used to the Fallowfield avenue side. This will divide the entrances. Ventilated wardrobes will be constructed in each room at the same side as the entrance. The seating capacity of both rooms will be somewhat greater than the usual school room.

It is a question whether or not certain rooms of the former Catholic church building will have to be used this term. They will not be used at all if it can be avoided, because of their bad condition. By the beginning of the 1913 term, it is expected that the new building will be in shape for occupancy.

Letting the contract for the stone and excavating work on the new building will be the first move towards getting actual construction under way. In a week it is expected the plans for the building will be ready and then the school board will proceed to award the building contract.

The former Hartupee dwelling which occupied the site purchased by the school board last spring, has been practically torn down, and the lumber is being removed as rapidly as posible by Fred Peiper, Sr., the buyer. Thoroughness will be the motto in the construction of the new building.

Arrangements are being made to hold the funeral on Sunday afternoon at 2:30 o'clock at the home of the parents, and interment will be in Bethel cemetery. Mr. and Mrs. D. N. Hall, Mrs. C. E. Cummins, and Mr. and Mrs. John L. Whitlatch will leave today or tomorrow to attend the funeral.

HARRISBURG PLACE OF NEXT MEETING

Sons of St. George Grand Lodge Closes Seventeenth Stated Meeting in Charleroi--Flags and Banner are Presented

Harrisburg will be the scene of the next convention of the Pennsylvania State grand lodge, Sons of St. George. The Capital city was chosen this morning before the seventeenth stated meeting of the grand lodge closed. Since Tuesday of this week the delegates from all parts of the State of Pennsylvania have been laboring with official business. They did not finish up until 1:30 o'clock this afternoon, after working through lunch hour. This afternoon and this evening delegates will return home, immensely satisfied with their meeting in Charleroi, and more than glad they came here. The next stated meeting of the State lodge will be held in August, 1914.

Amendments to state grand, and national surpeme constitution of the Sons of St. George occupying most of the time of the convention, were not finally disposed of until this morning. The presentation of two flags to the Wilmington Lodge, No. 32, for highest percentage of gain in a stated period, and of a banner to the Banksville lodge for the greatest percentage of gain in the last six months was a feature of the morning's session.

One of the amendments put through Thursday afternoon alters the system of electing grand officers. Previously this matter has taken up the first day of the grand lodge convention. Henceforth by the new law, the grand lodge officers will be elected by a system designed after the primary election laws of Pennsylvania, by which a tabulation of the reports will only be necessary when the grand lodge convenes its session, before the names of the officers can be made known.

Nominations were made this morning for officers to be elected later, and M. Wilson, of Charleroi, was nominated for grand messenger, conferring a distinct honor upon Mr. Wilson and upon Charleroi.

FEAR RESULTS OF VALLEY CLIMATE

Many Suffering From Hay Fever and Other Diseases Caused by Atmosphere.

Atmospheric conditions are causing alarm among people of the Monongahela valley, and ministers are understood to be among the worst sufferers. Rev. E. N. Duty, pastor of the First Christian church here is planning to leave on Monday for Nova Scotia, to escape the hay fever. Rev. F. M. Gray, pastor of the Methodist Episcopal church, of Roscoe, went to a Pittsburg hospital last week because of a trouble said to be due to the climate. Rev. G. W. Woodbury of Belle Vernon, is claimed to be suffering from a similar trouble to that of Rev. Gray. Rev. Robert A. Foster, of California has been notified by a Pittsburg specialist that he must refrain from preaching in the river district. He had been in California for one month, having come from Lone Pine.

This is the time of year when hay fever is becoming most prevalent. Most people subject to it begin suffering about the middle of August, and so defined is the attack that victims state they can tell the date of the year by its arrival. Relief in this valley is impossible many believe and if at all possible sufferers usually hike for the north at the beginning of the attack.

J. A. Virgin of Clarksville, Greene county was in town yesterday on his way to Pittsburg to attend the Brunot Island races and to transact some business affairs.

PREPARING FOR BOOSTER GAME

Married and Single Men's Teams of Church League to Play August 24

Two teams are to be selected from the eight clubs composing the Charleroi Church league for a Booster game which will be played on August 24. The teams will be known as the "Married Men" and the "Single Men." Playing in the church league are a number who yet have not surrendered to the wiles of Cupid, and nearly an equal number are Benedicts. It is declared that two teams of the kind can be picked that will make a good game. Nine innings of baseball will be played. The time of the start of the game will be announced later.

Next week the official standing of the clubs will be announced. There are about three changes to be made it is stated, to that published in the Mail, owing principally to decisions of the executive committee. Paul Ryland, the secretary of the league will prepare the averages for the players as usual at the end of the season.

Arrange for Union Picnic

Eldora Park Favored by Sunday School as Place--Date Will be August 29

A union picnic of the Protestant Sunday Schools of Charleroi will be held at Eldora Park on August 29. This decision was reached at a meeting of representatives of the various churches Thursday evening at the Washington Avenue Presbyterian church. There was a short discussion, all members of the committee reporting in favor of Eldora Park. Roy S. Sharpnack, assistant manager of Eldora Park was present at the meeting. Free transportation to and from the park is to be provided, and three tickets good for the various amusements are to be given each Sunday school pupil by the Eldora Amusement company.

FEATURES MANY FOR BIG EVENT

Elks Picnic to Take Place at Eldora Park Next Thursday

WILL HAVE OX ROAST

Next Thursday, August 15, will be an important date in the history of the Charleroi Lodge of Elks, for the annual picnic and outing will be held at Eldora Park. Elaborate arrangements are being made for the affair, and no effort will be spared which will make the affair the best and most enjoyable ever held by the order.

There will be many features. One of the chief and most enjoyable will be an ox roast. Free sandwiches will be distributed. There will be a "battle royal," an event which it is understood will be of the nature of a boxing tournament, a band concert and open air singing.

A social committee from the Charleroi lodge is in charge of the preparations for the big affair. Park amusements are to be made free, and a general all around good time is anticipated.

Head of Charleroi Schools Selected for Important Position

NOTIFICATION MADE

Appointment Made by Dr. Nathan C. Scheffer--Compliment to Local Man

Prof. James G. Pentz, superintendent of the Charleroi schools, received a telegram today from Dr. Nathan C. Schaeffer, State Superintendent of Public Instruction at Harisburg, notifying him that he had been appointed a State Inspector of High Schools. This appointment is to fill the position made vacant by the resignation of Prof. W. S. Hertzog, who has been elected to the principalship of the California Normal school.

The appointment of Prof. Pentz to this important State position is not only a tribute to Charleroi, but it is a fitting recognition of the ability and qualifications of the superintendent of the Charleroi schools, whose selection from a number of applicants shows that his merit was appreciated and recognized. While Prof. Pentz' many friends here will be rejoiced to learn of his promotion they will also regret that they will be obliged to part with an able and efficient instructor, as well as a good citizen and neighbor.

The office of Inspector of High Schools is an important one. There are four inspectors in the State appointed by the State Superintendent, and they are carefully chosen in regard to their special qualifications and merits. The telegram notifying Prof. Pentz of his appointment stated that a letter would follow, and until this is received Mr. Pentz does not know what his future plans will be.

TWO THOUSAND ATTEND ROSCOE UNION PICNIC

One of the most successful picnics of the season was held at Eldora Park Thursday by a union of the Sunday schools of Roscoe, and the Business Men of that place. There were probably 2,000 present at the affair during the day. People enjoyed themselves in various ways, and the park amusements were extremely popular.

Killed a Lion.

At the Star Theatre last evening was shown a most realistic film of a lion attacking a man on the veldt in South Africa. The man actually slays the lion with a smokeless powder high power rifle, and the King of Beasts was "butchered to make a Roman holiday," or rather a moving picture show.

SHOPPING FOR FOOD

The Pittsburg Dispatch quotes a New York social worker as saying that women will spend half a day shopping in order to buy a yard of ribbon at a bargain, and then will rush home and order over the telephone from the corner grocery enough stuff for dinner. The woman very pertinently asks, why cannot the same zeal and enthusiasm be manifested by women generally in shopping among the groceries for food bargains, as among the dry goods stores for bargains in wearing apparel and finery?

To this the Dispatch adds: "If the women of the country who now scan the advertising columns before they look at the news and who cheerfully spend days shopping for bargains could be induced by any means to get up the same enthusiasm over shopping for food supplies they would make a dent in the high cost of living. They might not solve it, perhaps, but they would have gone some way toward forcing conditions that might solve it."

THREE ELECTORAL TICKETS.

The dishonest attempt to use the Republican name and electoral column for the benefit of another and hostile party has been abandoned in this state. "It is done by Col. Roosevelt's order," says the Philadelphia Press, "because the state law commanding that the name of the Republican convention's nominee shall lead the electoral column of that party put the Flinn project out of decision is a deserved rebuke to the unscrupulousness of the third party managemnet in this state.

"Pennsylvania Republicans will be able to vote for Republican electors this year as heretofore without fear of being betrayed and having their votes counted for the third party candidates. In some other States, the Republicans are not so fortunate. Unless the Supreme Court of the United States shall relieve the situation in Kansas, the Republicans of that state cannot vote for the ten electors on the Republican ticket without voting for eight men who have declared their intention to vote for Roosevelt in the Electoral College. Happily the Pennsylvania election law has aided us to escape such a fraudulent disfranchisement of Republicans as is seriously threatened in Kansas.

"The Republican electorial ticket in this State will have to be recast so as to accord with the decision reached and to have on it the names of thirty-eight men who can be relied on to vote in the Electoral College for the nominees of the National Republican Convention. The certificate of nomination of the electors named at Harrisburg last May has been filed with the Secretary of the Commonwealth in an illegal form. It does not comply with the law which imperatively requires that certificate of nomination shall specify in the case of Presidential electors the names of the candidates for President and Vice-President which they represent.

As this provision of the law was not complied with, the certificate already filed is invalid and should be promptly discarded and a new certificate of Republican electors bearing also the names of Taft and Sherman should be filed in its place."

PICKED UP IN PASSING

"There's money in gardening," said J. A. Virgin of Clarksville, Greene county, who was a Charleroi visitor yesterday. Mr. Virgin has for years been a well known huckster along the river, but this year he abandoned that occupation in a measure to devote his time to market gardening. Being located near the big industrial operations at Millsboro, Fredericktown, Marianna and other busy centers in the upriver district, he has a good market right at home.

"There is no better market anywhere on the globe for garden truck than right here along this river," said Mr. Virgin. "My venture in gardening this year was largely experimental, but what I've already done is enough to convince me that I've struck my proper gait at last. The only reason that I'll not make a big income this year is because I have not got enough stuff planted and coming on.

"I could make good money at half the prices I've been getting for much of the stuff I've already sold. There's untold opportunities for market gardening at almost any point along this river."

Mr. Virgin was invited to bring his produce to the Charleroi curb market, but he replied that he had just as good a market nearer home, where he would not have a long haul to find purchasers.

"Heard a good story today," said Dr. J. K. Smith, as he stopped in front of the Mail office last evening long enough to relate the "yarn."

"There was a preacher,' said the Doctor, "who had gotten all 'balled up' over the political situation, and in his dilemma appealed to one of his parishioners, who was somewhat of a politician, as to how he should exercise his electorate franchise with three leading presidential candidates in the field.

" 'What would you do?' asked the preacher of the politician.

"Well, if I were you,' replied the latter, 'I'd vote for Roosevelt, pray for Taft and bet on Wilson.' "

CATHOLICS GAIN IN PENNANT RACE

Defeat Baptists and Are Now But One Game Behind First Presbyterians

The Catholics cut down the lead of the First Presbyterians on first place Thursday night by one game, winning from the Baptists by the score of 9 to 2. Both the Catholics and Baptists hit similarly well, but both teams did not make errors and misplays alike, wherein is the secret of the score.

One score was made by the Baptists in the first inning by Adams on a base on balls, a sacrifice by Kearnes and a single by McIlvaine.

The Catholics waited until the third to begin scoring, and then made a start that was surprising. Five runs were the net result. Two hits were all they got this session, but there were three errors and a number of affairs that for want of a worse name might pas as misplays. Four scores completed the Catholics' run getting in the fourth. To get them, they hit the ball four times for seven bases.

In the matter of scoring the Baptists finished the game in the sixth inning with one run, secured by Reeves, who singled, and went the rounds on a single and an out. Score:

BENTLEYVILLE BUSY LITTLE METROPOLIS

Trolley Line, Electric Power Line, and New Paved Streets Chief Among the Improvements

A year from now it is predicted Bentleyville, the busy little town out the Pigeon Creek valley, will have all the appearances of a thriving metropolitan city. Uuusual activity in the building line has numerous workmen engaged now, and extensive improvements are being started on the streets. Nowhere is the hum of industry more noticeable than at Bentleyville.

Hastings and Piper, a Charleroi firm, is distributing sewer pipe and geting things in readiness to commence the paving of Washington street.

The Westside Street Railways company, of Charleroi, has commenced the work of grading on the right-of-way recently bought from the J. F. White heirs, Isaac Allman and Kyle Morton property. They have started work one month ahead of time, and mean to finish up a line through Bentleyville if possible this winter.

The Charleroi Lumber company is preparing to start work on the construction of an addition to the public school building, a new store and dwelling for Dominick Barbers in the Sargeant plan. The West Penn Electric company is getting rights-of-way and hope to have a line strung into Bentleyville within 30 days.

A number of people are already at the camp ground, camping for the remainder of the summer. Camp-meeting will begin on August 16, and from that time on until the closing day, August 25, Bentleyville will be busy entertaining.

The new motor truck recently installed by a company of Pittsburgers between Charleroi and Ellsworth has opened up an avenue of travel that is being much appreciated by people generally. This morning the truck was overcrowded on its first journey out. Traveling men find it a great convenience in getting to and from Bentleyville and Ellsworth. It is stated that during campmeeting time more trucks will be put in service.

TWO IMPORTANT SCHOOL CONTRACTS ADVERTISED

Ninth Street Auditorium to be Cut Into Two School Rooms

PLANS ARE COMPLETED

Stage to be Removed--Stone Work and Excavating Bids Asked for New Building

In order to provide room for the incoming population of school children and to do away with as much crowding as possible the school board is planning to convert the auditorium of the Ninth street school into two new school rooms. Today bids are being advertised for, and are to be in by next Friday, August 16. The alteration of the Ninth street auditorium will signalize the complete abandonment of the former Catholic church building on Crest avenue as a school building. At the same time bids are being asked on the Ninth street work, bids are also requested on the excavating and stone work of the new school building to be erected on Crest avenue and Sixth street.

Plans drawn by Architect A. P. Cooper, of Uniontown, for alterations at the Ninth street school are in the hands of R. C. Mountsier, who is the chairman of the building committee. They call for two new and complete school rooms. The stage of the school auditorium, or as it is better known School Hall, will be entirely removed. A partition will be run directly through the center of the big room, leading from the entrance now used to the Fallowfield avenue side. This will divide the entrances. Ventilated wardrobes will be constructed in each room at the same side as the entrance. The seating capacity of both rooms will be somewhat greater than the usual school room.

It is a question whether or not certain rooms of the former Catholic church building will have to be used this term. They will not be used at all if it can be avoided, because of their bad condition. By the beginning of the 1913 term, it is expected that the new building will be in shape for occupancy.

Letting the contract for the stone and excavating work on the new building will be the first move towards getting actual construction under way. In a week it is expected the plans for the building will be ready and then the school board will proceed to award the building contract.

The former Hartupee dwelling which occupied the site purchased by the school board last spring, has been practically torn down, and the lumber is being removed as rapidly as posible by Fred Peiper, Sr., the buyer. Thoroughness will be the motto in the construction of the new building.

HARRISBURG PLACE OF NEXT MEETING

Sons of St. George Grand Lodge Closes Seventeenth Stated Meeting in Charleroi--Flags and Banner are Presented

Harrisburg will be the scene of the next convention of the Pennsylvania State grand lodge, Sons of St. George. The Capital city was chosen this morning before the seventeenth stated meeting of the grand lodge closed. Since Tuesday of this week the delegates from all parts of the State of Pennsylvania have been laboring with official business. They did not finish up until 1:30 o'clock this afternoon, after working through lunch hour. This afternoon and this evening delegates will return home, immensely satisfied with their meeting in Charleroi, and more than glad they came here. The next stated meeting of the State lodge will be held in August, 1914.

Amendments to state grand, and national surpeme constitution of the Sons of St. George occupying most of the time of the convention, were not finally disposed of until this morning. The presentation of two flags to the Wilmington Lodge, No. 32, for highest percentage of gain in a stated period, and of a banner to the Banksville lodge for the greatest percentage of gain in the last six months was a feature of the morning's session.

One of the amendments put through Thursday afternoon alters the system of electing grand officers. Previously this matter has taken up the first day of the grand lodge convention. Henceforth by the new law, the grand lodge officers will be elected by a system designed after the primary election laws of Pennsylvania, by which a tabulation of the reports will only be necessary when the grand lodge convenes its session, before the names of the officers can be made known.

Nominations were made this morning for officers to be elected later, and M. Wilson, of Charleroi, was nominated for grand messenger, conferring a distinct honor upon Mr. Wilson and upon Charleroi.

FEAR RESULTS OF VALLEY CLIMATE

Many Suffering From Hay Fever and Other Diseases Caused by Atmosphere.

Atmospheric conditions are causing alarm among people of the Monongahela valley, and ministers are understood to be among the worst sufferers. Rev. E. N. Duty, pastor of the First Christian church here is planning to leave on Monday for Nova Scotia, to escape the hay fever. Rev. F. M. Gray, pastor of the Methodist Episcopal church, of Roscoe, went to a Pittsburg hospital last week because of a trouble said to be due to the climate. Rev. G. W. Woodbury of Belle Vernon, is claimed to be suffering from a similar trouble to that of Rev. Gray. Rev. Robert A. Foster, of California has been notified by a Pittsburg specialist that he must refrain from preaching in the river district. He had been in California for one month, having come from Lone Pine.

This is the time of year when hay fever is becoming most prevalent. Most people subject to it begin suffering about the middle of August, and so defined is the attack that victims state they can tell the date of the year by its arrival. Relief in this valley is impossible many believe and if at all possible sufferers usually [illegible] beginning of the attack.

J. A. Virgin of Clarksville, Greene county was in town yesterday on his way to Pittsburg to attend the Brunot Island races and to transact some business affairs.

The teams will be known as the "Married Men" and the "Single Men." Playing in the church league are a number who yet have not surrendered to the wiles of Cupid, and nearly an equal number are Benedicts. It is declared that two teams of the kind can be picked that will make a good game. Nine innings of baseball will be played. The time of the start of the game will be announced later.

Next week the official standing of the clubs will be announced. There are about three changes to be made it is stated, to that published in the Mail, owing principally to decisions of the executive committee. PROF. JAMES G. PENTZ HIGH SCHOOL INSPECTOR

Head of Charleroi Schools Selected for Important Position

NOTIFICATION MADE

Appointment Made by Dr. Nathan C. Scheffer--Compliment to Local Man

Prof. James G. Pentz, superintendent of the Charleroi schools, received a telegram today from Dr. Nathan C. Schaeffer, State Superintendent of Public Instruction at Harisburg, notifying him that he had been appointed a State Inspector of High Schools. This appointment is to fill the position made vacant by the resignation of Prof. W. S. Hertzog, who has been elected to the principalship of the California Normal school.

The appointment of Prof. Pentz to this important State position is not only a tribute to Charleroi, but it is a fitting recognition of the ability and qualifications of the superintendent of the Charleroi schools, whose selection from a number of applicants shows that his merit was appreciated and recognized. While Prof. Pentz' many friends here will be rejoiced to learn of his promotion they will also regret that they will be obliged to part with an able and efficient instructor, as well as a good citizen and neighbor.

The office of Inspector of High Schools is an important one. There are four inspectors in the State appointed by the State Superintendent, and they are carefully chosen in regard to their special qualifications and merits. The telegram notifying Prof. Pentz of his appointment stated that a letter would follow, and until this isreceived Mr. Pentz does not know what his future plans will be.

Arrange for Union Picnic

Eldora Park Favored by Sunday School as Place--Date Will Be August 29

A union picnic of the Protestant Sunday Schools of Charleroi will be held at Eldora Park on August 29. This decision was reached at a meeting of representatives of the various churches Thursday evening at the Washington Avenue Presbyterian church. There was a short discussion, all members of the committee reporting in favor of Eldora Park. Roy S. Sharpnack, assistant manager of Eldora Park was present at the meeting. Free transportation to and from the park is to be provided, and three tickets good for the various amusements are to be given each Sunday school pupil by the Eldora Amusement company.

FEATURES MANY FOR BIG EVENT

Elks Picnic to Take Place at Eldora Park Next Thursday

WILL HAVE OX ROAST

Next Thursday, August 15, will be an important date in the history of the Charleroi Lodge of Elks, for the annual picnic and outing will be held at Eldora Park. Elaborate arrangements are being made for the affair, and no effort will be spared which will make the affair the best and most enjoyable ever held by the order.

There will be many features. One of the chief and most enjoyable will be an ox roast. Free sandwiches will be distributed. There will be a "battle royal," an event which it is understood will be of the nature of a boxing tournament, a band concert and open air singing.

A social committee from the Charleroi lodge is in charge of the preparations for the big affair. Park amusements are to be made free, and a general all around good time is anticipated.

Notice to Taxpayers.

The 1912 school and borough taxes are now payable. 5 per cent discount on borough until Sept. 30, 1912. School tax at face until Sept. 30, 1912, beginning Oct. 1, 5 per cent will be added to school tax.

TWO THOUSAND ATTEND ROSCOE UNION PICNIC

One of the most successful picnics of the season was held at Eldora Park Thursday by a union of the Sunday schools of Roscoe, and the Business Men of that place. There were probably 2,000 present at the affair during the day. People enjoyed themselves in various ways, and the park amusements were extremely popular.

Killed a Lion.

At the Star Theatre last evening was shown a most realistic film of a lion attacking a man on the veldt in South Africa. The man actually slays the lion with a smoleless powder high power rifle, and the King of Beasts was "butchered to make a Roman holiday," or rather a moving picture show.

SHOPPING FOR FOOD

The Pittsburg Dispatch quotes a New York social worker as saying that women will spend half a day shopping in order to buy a yard of ribbon at a bargain, and then will rush home and order over the telephone from the corner grocery enough stuff for dinner. The woman very pertinently asks, why cannot the same zeal and enthusiasm be manifested by women generally in shopping among the groceries for food bargains, as among the dry goods stores for bargains in wearing apparel and finery?

To this the Dispatch adds: "If the women of the country who now scan the advertising columns before they look at the news and who cheerfully spend days shopping for bargains could be induced by any means to get up the same enthusiasm over shopping for food supplies they would make a dent in the high cost of living. They might not solve it, perhaps, but they would have gone some way toward forcing conditions that might solve it."

THREE ELECTORAL TICKETS.

The dishonest attempt to use the Republican name and electoral column for the benefit of another and hostile party has been abandoned in this state. "It is done by Col. Roosevelt's order," says the Philadelphia [illegible] reminding that the name of the Republican convention's nominee shall head the electoral column of that party, put the Flinn project out of action is a deserved rebuke to the unscrupulousness of the third party management in this state.

"Pennsylvania Republicans will be able to vote for Republican electors this year as heretofore without fear of being betrayed and having their votes counted for the third party candidates. In some other States the Republicans are not so fortunate. Unless the Supreme Court of the United States shall relieve the situation in Kansas, the Republicans of that state cannot vote for the ten electors on the Republican ticket without voting for eight men who have declared their intention to vote for Roosevelt in the Electoral College. Happily the Pennsylvania election law has aided us to escape such a fraudulent disfranchisement of Republicans as is seriously threatened in Kansas.

"The Republican electorial ticket in this State will have to be recast so as to accord with the decision reached and to have on it the names of thirty-eight men who can be relied on to vote in the Electoral College for the nominees of the National Republican Convention. The certificate of nomination of the electors named at Harrisburg last May has been filed with the Secretary of the Commonwealth in an illegal form. It does not comply with the law which imperatively requires that certificate of nomination shall specify in the case of Presidential electors the names of the candidates for President and Vice-President which they represent.

As this provision of the law was not complied with, the certificate already filed is invalid and should be promptly discarded and a new certificate of Republican electors bearing also the names of Taft and Sherman should be filed in its place."

PICKED UP IN PASSING

"There's money in gardening," said J. A. Virgin of Clarksville, Greene county, who was a Charleroi visitor yesterday. Mr. Virgin has for years been a well known huckster along the river, but this year he abandoned that occupation in a measure to devote his time to market gardening. Being located near the big industrial operations at Millsboro, Fredericktown, Marianna and other busy centers in the upriver district, he has a good market right at home.

"There is no better market anywher on the globe for garden truck than right here along this river," said Mr. Virgin. "My venture in gardening this year was largely experimental, but what I've already done is enough to convince me that I've struck my proper gait at last. The only reason that I'll not make a big income this year is because I have not got enough stuff planted and coming on.

"I could make good money at half the prices I've been getting for much of the stuff I've already sold. There's untold opportunities for market gardening at almost any point along this river."

Mr. Virgin was invited to bring his produce to the Charleroi curb market, but he replied that he had just as good a market nearer home, where he would not have a long haul to find purchasers.

"Heard a good story today," said Dr. J. K. Smith, as he stopped in front of the Mail office last evening long enough to relate the [illegible]

"There was a preacher," said the Doctor, "who had gotten all 'balled up' over the political situation, and in his dilemma appealed to one of his parishioners, who was somewhat of a politician, as to how he should exercise his electorate franchise with three leading presidential candidates in the field.

"'What would you do?' asked the preacher of the politician.

"'Well, if I were you,' replied the latter, 'I'd vote for Roosevelt, pray for Taft and bet on Wilson.'"

CATHOLICS GAIN IN PENNANT RACE

Defeat Baptists and Are Now But One Game Behind First Presbyterians

The Catholics cut down the lead of the First Presbyterians on first place Thursday night by one game, winning from the Baptists by the score of 9 to 2. Both the Catholics and Baptists hit similarly well, but both teams did not make errors and misplays alike, wherein is the secret of the score.

One score was made by the Baptists in the first inning by Adams on a base on balls, a sacrifice by Kearnes and a single by McIlvaine. The Catholics waited until the third to begin scoring, and then made a start that was surprising. Five runs were the net result. Two hits were all they got this session, but there were three errors and a number of affairs that for want of a worse name might pas as misplays. Four scores completed the Catholics' run getting in the fourth. To get them, they hit the ball four times for seven bases.

In the matter of scoring the Baptists finished the game in the sixth inning with one run, secured by Reeves, who singled, and went the rounds on a single and an out. Score:

"Oh, yes, my very dear sir. The proof is perfect. Why, I can point out to you the very street on which the poor old master lived."

Size of a Man Compared

If it were possible for a man to construct a globe 500 feet in height more or less than twice the height of the Washington monument and to place upon any portion of its surface an atom one four thousand three hundred and eightieth of an inch in diameter and one one hundred and twentieth of an inch in height, it would correctly denote the proportions man bears to the gigantic globe upon which he stands.

OLD TALLY STICKS.

Their Use In England Was Abolished With Disastrous Results.

In the museum attached to the standards department of the board of trade, in Old Palace yard, London, a box containing a number of the old exchequer tally sticks, upon which, until an early period in the last century, it was the custom to keep the national accounts.

The tallies were notched sticks of seasoned willow or hazel, the notch on the edge representing the particular amount—the smallest for pence, a larger notch for shillings and the largest for pounds.

The system, which was first introduced by the Normans in the year 1066, was not finally abolished until the reign of William IV., and then only with disastrous results. An order was promulgated that the accumulated tallies, amounting to many thousands, were to be destroyed, and they were accordingly burned in one of the stoves in the house of lords. By some means or other the stove became choked, the paneling caught fire, and in the end the whole of the palace of Westminster, with the exception of Westminster hall, was destroyed.

Some years ago a number of these old tally sticks were discovered in Martin's bank, in Lombard street.—New York Tribune.

Puzzles From the Greek.

If two are a few why not three; if three, why not four, and by a gradually advancing increment of number why not 10,000, or any other number? Or again, is the loss of a single hair does not make a man bald, why should the loss of two of three and so on and inferentially the loss of all?

If then no addition or subtraction of a unit can transform a small number of wheat grains into a heap or a full head of hair into a bald head, how is it possible that either transition should ever be accomplished?

Take a grain of millet out of a bushel and let it fall on the ground, and it makes no noise. Take every grain in succession of 10,000, let the same happen, and no sound is heard. Then collect all the grains back into the bushel and pour it out, and the result is a great noise. How, asks Zeno, can 10,000 noiseless processes make one full of noise?

His Retirement.

Friend—I haven't seen you for some time. Poet—No. Fact is I have been a good deal of a recluse lately. I've been—I feated so. How much do you owe.

He that speaks of things that do not concern him shall hear of things that will not please him.—Arabian Proverb.

Clergyman's Son Cured of Tuberculosis

Consumption is a flattering disease and the sufferer is filled with bright hopes of improvement. Call it by its own dread name—and then—take Eckman's Alterative, because it is effective in Tuberculosis. No one need doubt about it—there is plenty of evidence from live witnesses. Investigate the following:—

Amenia, N. Y.

"Gentlemen: Prior to Feb., 1908, I was located in Rochester, N. Y., suffering with LaGrippe, which developed into Tuberculosis. My physician gave me one month to live. I was having terrible night sweats and mid-day chills and losing flesh rapidly, having gone from 155 to 135 lbs. I coughed and raised continually and became so weak that walking a few feet exhausted me. On my return home, my regular physician gave me little encouragement. My father, who is a clergyman, heard of Eckman's Alterative and induced me to take it. The night sweats and chills disappeared, my cough became easier and gradually diminished and in a few days I developed an appetite, the first in months. I am now in perfect health, back to 155 lbs. I feel certain that I owe my life to Eckman's Alterative."

(Signed) E. H. COWLES,

"Gentlemen: I cannot find words to express my appreciation of what your remedy has done for my son. It changed despair into hope within two weeks after he began taking it, and without any doubt in my mind, it saved his life.

"I wish to add my endorsement to every word of his testimonial."

(Signed) REV. J. J. COWLES.
Pastor Presbyterian Church

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever; Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet of cured cases and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists and

MAGIC WATER TOYS.

Wonderful Play Toys That Amuse the Children of the Orient.

Europe and America turn out for the edification of their children many ingenious toys, but the occidental youngsters have nothing to compare with the strange expanding water toys with which the children of the far east have for centuries amused themselves.

These are placed in small wooden boxes similar to the little paint boxes so often seen in our own country. They have the appearance of soiled shavings, broken matches and dilapidated toothpicks, but when thrown into the water the ingenious toys at once exhibit properties that show them to be considerably more than mere bits of stick.

The wood of these toys has been kiln dried, and immediately it touches the water it begins to absorb the water and to expand almost indefinitely. As it increases in size it separates and suddenly opens, becoming a very pretty toy. One stick will change into a flowerpot containing, it may be, a rose bush in full bloom. Another becomes an obese mandarin carrying an umbrella. Still another will take the form of a sea serpent, very ferocious in its tiny dimensions.

Then, too, there are toys which show [illegible] figures are colored and present a bewildering variety in design and treatment. Their manufacture is a trade secret, kept inviolate by the guild that turns them out by the thousands.

For older children there are provided larger and even more artistic natures, consisting of historical characters, fakirs, fools and soldiers and dwarfed trees and tiny houses whose doors and windows are full of inmates are also among this class. The more ordinary kind cost a mere song, but the finer toys are quite expensive.—New York Press.

FAR DISTANT URANUS.

Oddities a Visit to This Gigantic Planet Would Disclose.

If Uranus, which is a star of about the sixth magnitude, were a planet like those little ones called asteroids, which are being discovered by the dozen every year, it could not have much claim upon popular attention. But Uranus is really a gigantic world, more than sixty times as large as ours, its vast distance about 1,700,000,000 miles from the earth, is what causes it to look so small.

Uranus has four moons, which revolve backward in their orbits—that is to say, they revolve from east to west around Uranus, while Uranus goes, like all the other planets, from west to east around the sun. It is believed that Uranus rotates backward on its axis also. Moreover, the axis of that great, strange globe lies in such a direction that in the course of its year, which is equal to eighty four of our years, the sun shines almost perpendicularly first upon one pole and then upon the other.

Measured by our time standard there are forty years of constant day light followed by forty years of unbroken night around the poles of Uranus and the sun rises in the west and sets in the east there, but the sun looks very small when viewed from Uranus—only one four hundredth as large as it appears to us. Still it sheds upon that planet 1,500 times as much light as the full moon sends to the earth, so that daylight upon Uranus, while faint compared with the blaze of a terrestrial noonday, is nevertheless a very respectable kind of illumination.

The Game of Life.

The game we are all playing is a losing game at best. Yet we must play. We cannot get up and leave the table knowing the dice are cogged and the cards marked against us. We must play on, losing our principal stake little by little or in splendid rouleaux as chance or our disposition may urge, but knowing well that in the end soon or late whatever remains of it will be swept from the board. Lucky the man who is tempted to play but the one stake. Happy the man who in death loses only his life.—F. P. Dunne in American Magazine.

Bluejacket's Black Neckerchief.

It is not generally known that the bluejacket's black neckerchief, a survival of the service mourning for Nelson, is the best British silk obtainable and that the admiralty is a very fastidious customer. Two to each man are issued annually, and many thousands of these discarded scarfs have been subsequently worn by Jack's feminine. A pair of them make an excellent blouse.—Pall Mall Gazette.

Spoiled Her Enthusiasm.

"Harry proposed last night! I was so"—

"I knew he would. I played a joke on him."

"What?"

"I told him you would inherit a fortune when you came of age."—Houston Post.

Matrimonial.

Three Germans were sitting at luncheon recently and were overheard discussing the second marriage of a mutual friend when one of them remarked: "I'll tell you what. A man what marries de second time don't deserve [illegible]."

He Wouldn't Advertise

Breathes there a man, with soul so dead
Who never to himself hath said:
"My trade of late is getting bad.
I'll try another eight-inch ad."
If such there be, go mark him well;
For him no bank account shall swell,
No angels watch the golden stair
To welcome home the millionaire
The man who never asks for trade
By local line or ad. displayed.
Cares more for rest than worldly gain,
And patronage but gives him pain,
Tread lightly friends; let no rude sound
Disturb his solitude profound,
Here let him live in calm repose,
Unsought except by men he owes
And when he dies, go plant him deep,
That naught may break his dreamless sleep;
Where no rude clamor may dispel
The quiet that he loved so well.
And when the world may know its loss,
Place on his grave a wreath of moss,
And on the stone above, "Here lies
A chump who wouldn't advertise."

Advertise and the world is with you!
Don't and you'll be alone.
For the world today will never pay
A Cent to the Great Unknown.

BENTLEYVILLE BUSY LITTLE METROPOLIS

Trolley Line, Electric Power Line, and New Paved Streets Chief Among the Improvements

A year from now it is predicted Bentleyville, the busy little town out the Pigeon Creek valley, will have all the appearances of a thriving metropolitan city. Uuusual activity in the building line has numerous workmen engaged now, and extensive improvements are being started on the streets. Nowhere is the hum of industry more noticeable than at Bentleyville.

Hastings and Piper, a Charleroi firm, is distributing sewer pipe and geting things in readiness to commence the paving of Washington street.

The Westside Street Railways company, of Charleroi, has commenced the work of grading on the right-of-way recently bought from the J. F. White heirs, Isaac Allman and Kyle Morton property. They have started work one month ahead of time, and mean to finish up a line through Bentleyville if possible this winter.

The Charleroi Lumber company is preparing to start work on the construction of an addition to the public school building, a new store and dwelling for Dominick Barbers in the Sargeant plan. The West Penn Electric company is getting rights-of-way and hope to have a line strung into Bentleyville within 30 days.

A number of people are already at the camp ground, camping for the remainder of the summer. Camp-meeting will begin on August 16, and from that time on until the closing day, August 25, Bentleyville will be busy entertaining.

The new motor truck recently installed by a company of Pittsburgers between Charleroi and Ellsworth has opened up an avenue of travel that is being much appreciated by people generally. This morning the truck was overcrowded on its first journey out. Traveling men find it a great convenience in getting to and from Bentleyville and Ellsworth. It is stated that during campmeeting time more trucks will be put in service.
